*Excerpted from RED ALERT REPORT, Aug. '96, [quoting:] International cross-checking verified sources and other absolute reliable and "unprecedented" sources of documentation [DATED JUNE 1996] tell us that this time is for "REAL". No fiction, no imagination, no process of deduction, the "TOP SECRET" scenario we now have in our hands is just BEYOND EVERYTHING EVER IMAGINED BEFORE. We can surely state that no one else anywhere has the "FULL COMPLETE PICTURE" with all accurate details of what has been carefully planned at the highest level of the world Politics and Economic Elite for something (BIG) to happen in 1997 which will disrupt life of millions of people. With full, well documented documents strongly supported by various serious unknown Politics and Military hard evidence files copies and actual documents for a major prearranged "Chaos", WE KNOW: * "WHY, HOW and WHEN a "DECLARATION OF A NATIONAL STATE OF EMERGENCY" in the U.S. will emerge during night time, and which are the 19 States that will be placed under "MARTIAL LAW"? * WHAT will be the precise "MILITARY AGENDA" in the targeted States for FEMA, Foreign UN Battle Groups, FINCEN, MJTF and BATF troops? * WHAT are the names of these -- people -- in Canada, in the U.S. and throughout the world who planned and finalized the 1997 scenario?? You might think you know something. Beware of what you always think which might not be this time what will really happen. * KNOWLEDGE IS THE BEST PROTECTION. * NO ONE CAN PROTECT THEMSELVES IF THEY ARE UNAWARE HOW THEIR RIGHTS ARE THREATENED. *"Phase One of Project Philadelphia is about two-thirds completed: rise in prices, shortages of food, power outages, civil unrest... expect a price doubling in your staple food items. **

*"Phase Three -- Quebec Hydro shutdown; this is the 6th largest electric power [plant] in the world, and controls ALL ELECTRICITY EAST OF THE MISSISSIPPI... Scheduled to go down any time from Jan./March. An "induced" outage during the cold of winter (winter of '97 - '98 or a following winter? - Branton) would create the most hardships and be a major "emergency" crisis condition... * There were two very high ranking Quebec hydro engineers aboard RON BROWN'S plane.
